Home sweet home: Take a trip through time with 'The Kids Are Alright'

By Francis Babin
TV Media

The new prime-time television season is finally here and, as usual, it features plenty of returning hits, fresh takes on old favorites, ambitious dramas and a healthy dose of period pieces. On Tuesday, Oct. 16, take a trip through time and make yourself at home with the Cleary family as they witness the dawn of a new era in the premiere of "The Kids Are Alright" on ABC.

With the addition of the 1970s-set "The Kids Are Alright" to the lineup, ABC has doubled down on single-camera, ensemble-cast period comedies. "Kids" marks the network's third past-set series (with a fourth, the '90s-set "Schooled," on its way) after "The Goldbergs" (1980s) and "Fresh off the Boat" (1990s).

It's hard to blame the alphabet network for wanting to take another trip down memory lane. As a society, we're constantly looking to the past, be it for inspiration, for escapism or in order to better understand the present. Plus, the fashion, music and tech of days gone by are always sources of entertainment and interest. This fascination with the past has led Hollywood to be dominated by nostalgia, with both the big screen and the small churning out period piece after period piece.

ABC struck gold with "The Goldbergs" and "Fresh off the Boat," and much like these comedies, "The Kids Are Alright" is based on the childhood of its creator. "Kids" follows the ups and downs of Mike (Michael Cudlitz, "The Walking Dead") and Peggy Cleary (Mary McCormack, "In Plain Sight") and their eight wild boys in 1970s suburban Los Angeles.

Creator/writer/executive producer Tim Doyle ("Last Man Standing") grew up in a large, traditional Irish Catholic family. After regaling ABC executives with hilarious tales of his youth, Doyle was given the opportunity to present these stories to the masses. At New York's annual PaleyFest, he talked at length about wanting to properly document the era and to "show audiences a believable depiction of family life during that period."

Beyond Doyle's writing and producing duties, he also narrates in voiceover as an older Timmy, the fifth of eight children and completely ignored. The younger version of Timmy is played by the wonderful up-and-comer Jack Gore ("Billions").

Growing up in the 1970s has provided Doyle with wonderful stories, but the decade wasn't all roses. It was a turbulent time in America, and it's the perfect setting for a family comedy. As Bob Dylan famously said, "The Times They Are a-Changin'," and after this decade, the Clearys — and the country — will never be the same.

Doyle discussed this earlier this year at the ATX Television Festival in Austin, Texas, saying, "They're trying to hold on to the values in this house, and the outside world keeps coming in."

Raising boys is no picnic. Raising eight boys in a working-class neighborhood is a monumental challenge. With Mike and Peggy often working long hours and doing everything in their power to provide for an immense family, the gaggle of rambunctious boys are often left to their own devices and spend their days with little supervision.

The series will continuously explore the relationship between siblings at home and focus on the dynamic between the brothers and between kids and parents. We'll follow various groupings of the boys as they strike out on adventures together or have heated exchanges with their mother.

Mary McCormack stars in "The Kids Are Alright"

Many of these exchanges and arguments take place during chaotic family dinners, which are described as the glue of the ensemble comedy.

It's during one of these dinner scenes that the household is turned upside down and things get complicated for the family. After returning home, the eldest Cleary boy, Lawrence (Sam Straley, "Chicago P.D."), announces that he has decided to quit the seminary and embark on a quest to save the world. Naturally, this noble mission isn't well received.

In an interview with Variety, series star Cudlitz explained that the Cleary patriarch isn't one dimensional or a stereotype. He's not just a grumpy dad — even if it would be completely believable and understandable if that was the case, with eight boys running amok. "There is a certain gruffness to him [...] but there's also a really caring side to him. He really tries to reach in and connect with his kids," the actor said. Like the relationships between the brothers, papa Cleary's soft side will be explored throughout the series.

Along with ignored middle child Timmy and the recently returned Lawrence, the Cleary brood includes Eddie (Caleb Martin Foote, "American Horror Story"), Frank (Sawyer Barth, "Public Morals"), Joey (Christopher Paul Richards, "Me, Myself and I"), William (Andy Walken, "A Christmas Story Live! ") and Pat (Santino Barnard, "Grey's Anatomy").

ABC has always excelled at family comedies, from "Full House" and "Home Improvement" to "Modern Family" and "Black-ish," and "The Kids Are Alright" looks to continue this streak. With 10 people, three bedrooms and one bathroom, the Cleary household is not for the weak.

Q&A Hollywood

By Adam Thomlison
TV Media

Q: I am fascinated by and addicted to "The Dead Files" and would like to know what brought Amy and Steve together.

A: "The Dead Files" is what brought Amy and Steve together. And, now, 10 seasons and 130 episodes in, they're both glad it did.

They had both been working alone in their respective fields when Painless Productions came calling, pitching the idea for the show: an experienced detective and a physical medium team up to investigate hauntings, working in their own separate ways at first and then bringing their results together.

Former New York homicide cop Steve DiSchiavi found the idea intriguing. "I thought it was a really interesting angle to do a paranormal investigation — two different aspects to solve the case," he said in an interview on TravelChannel.com.

The show works like a non-fiction "X-Files," where the skeptic and the believer follow their own separate paths of investigation and come together at the end. DiSchiavi is, of course, the skeptic in this pairing. Medium Amy Allan, who visits the potentially haunted houses to try to channel the spirits living there, obviously believes in the work she does.

"I want to believe in the paranormal, but I'm the kind of guy who needs to see it to believe it. I don't dismiss the potential of paranormal activity, but I haven't personally experienced it," DiSchiavi said.

Also like "The X-Files," Allan and DiSchiavi were thrown together as strangers at the beginning of the show, and their process of getting to know one another has become part of the show's appeal.

Q: What's Hugh Laurie been up to since "The Night Manager"? He was amazing in that, and in "House."

A: Apparently producers agree with you — Hugh Laurie has been up to more of the same.

Longtime fans of Laurie know that "House" was a career shift for him, away from the somewhat highbrow British comedy of his youth and toward often highbrow American drama — "House" was highly respected, and "The Night Manager" won piles of awards.

Since then, his biggest role was in another medical drama, "Chance," which ran for two seasons on Hulu before getting the ax.

Next, you can see him in another prestige miniseries based on a novel (much like "The Night Manager") — he's joined the cast of "Catch-22," which will again be broadcast on Hulu.

It's based, of course, on the classic comedic war novel by Joseph Heller, and will star and be directed by an up-and-comer by the name of George Clooney.

Ant-Man and the Wasp

Scott Lang/Ant-Man (Rudd) was placed under house arrest after he helped the Avengers fight their civil war, but with only two days to go until he's free again, he receives a message from his colleague Hank Pym's (Douglas) wife, Janet (Pfeiffer), who has been missing and assumed trapped in the quantum realm for decades. As Scott, violating his house arrest, Hank and Hank's daughter, Hope (Lilly), work on a way to rescue her, they're foiled by a mysterious woman who can pass through walls, who makes off with the equipment needed to save Janet from the quantum realm. Hope is thus pushed to don her mother's shrinking suit and join Ant-Man as fellow superhero The Wasp.

Director: Peyton Reed. Stars: Paul Rudd, Evangeline Lilly, Michelle Pfeiffer, Michael Douglas, Walton Goggins, Hannah John-Kamen. 2018. 118 min. Action.
